

# Image Segmentation through Graph Cut

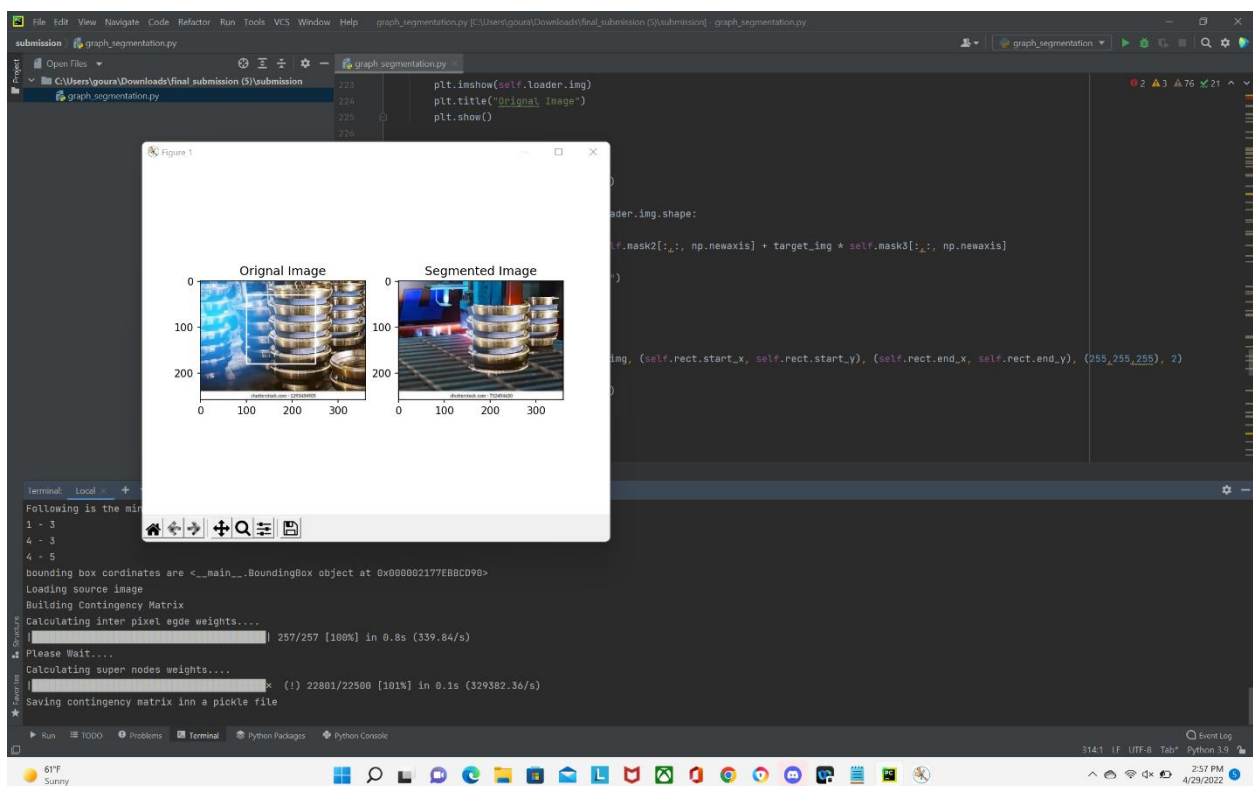

## Results of Ford Fulkerson Algorithm

Following is the dummy graph over for showing results

```
[[0, 16, 13, 0, 0, 0],  
[0, 0, 10, 12, 0, 0],  
[0, 4, 0, 0, 14, 0],  
[0, 0, 9, 0, 0, 20],  
[0, 0, 0, 7, 0, 4],  
[0, 0, 0, 0, 0, 0]]
```

The min cut generated is 1->3, 4->3, 4->5

## Output

# Texture synthesis(Image)
